DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable for defining two hollow cylindrical blade sections facing each other: the first blade section, attached to an ultrasonic horn, designed to cut through a resin layer; and the second blade section designed to cut through a substrate layer.

The material is pushed onto the second blade section by a moving mechanism attached to the first blade section.

Nakanishi et al (Japanese Patent No. 58-175630) teaches the use of an ultrasonic punch designed to punch through a resin layer (see Figures 1 and 2). Furthermore, Nakanishi teaches a cutting unit located underneath a material to be cut. An ultrasonic horn pushes the material onto the cutting unit. Nakanishi fails to teach the use of both upper and lower cutting units usable simultaneously.

Lim (U.S Patent No. 6,740,181) teaches an ultrasonic horn and two pressing devices attached to a moving mechanism which pushes a material downwards to be cut by a vertically oriented rotary saw blade.

Leinweber et al (DE Patent No. 1,245,109) teaches the use of two opposing punches.

While Nakanishi, Lim, and Leinweber are considered combinable it would be hindsight to provide the basic structure of a two-sided punch from Leinweber and add

the ultrasonic horn of Nakanishi or Lim, especially because neither the teachings of Nakanishi or Lim are used for the purpose set forth in Leinweber.

2. Claims 2-6 are dependent upon claim 1 and are therefore allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Edward F. Landrum whose telephone number is 571-272-5567. The examiner can normally be reached on Monday-Friday 8-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Allan Shoap can be reached on 571-272-4514. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
